

4-BEAT ROCKIN' RHYTHMS

Helping kiddos become composers!

Print the 4-Beat Rockin' Rhythms Template

Be sure to print Landscape & set little-to-no margins
(It's reusable! Consider laminating or putting in protective sheet cover to help it last longer.)

Print and cut the rhythms along grid lines

Only one rhythm in a beat box at a time! Example:

You can help kiddo say, clap, tap and/or play the rhythm - keep a STEADY BEAT

Depending on kiddo's age/level, you could also:

- Say a rhythm and have kiddos place it in the Beat Boxes, then have kiddo say and clap, tap or play it back to you.

- Using lines & a squiggle, have kiddo draw simple rhythms I =  II =  Z = 

The composition possibilities are endless!
